How to get there from the University of Zurich Main Building

By foot (approx. 20 min. walking time)

You'll start from the main entrance of the UZH main building, which is located at floor E with the big swinging doors. From the main entrance, you want to take a right and walk down the Rämistrasse, past all the university buildings, past the Kunsthaus (the new and the old building). You'll want to keep to the left side of the Kunsthaus and basically keep going on the same street, further down. At some point, you will reach the Bellevue and you should turn to your left just before you do. Then you follow the Theaterstrasse past the Sechseläutenplatz and the Opernhaus Zürich, until you reach the restaurant. There are two tibits next to each other. You'll want to enter the one closer to the lake, so further down the street.

By public transport

You'll start from the main entrance of the UZH main building, which is located at floor E with the big swinging doors. From the main entrance, you take a right and walk down the Rämistrasse until you reach the tram station called «Zürich, Kantonsschule». There, you can enter either tram (line 5 in the direction of «Zürich, Laubegg» or line 9 in the direction of «Zürich, Triemli») and go until you reach «Zürich, Bellevue» (it's just two stations). At Bellevue, you need to change trams and here you'll want to take a tram 2 (in the direction of «Zürich Tiefenbrunnen, Bahnhof») for one station until you reach «Zürich, Opernhaus»). From here on, you basically need to just cross the street in the same direction you came from and there are two tibits-restaurants right next to each other. You'll want to enter the one closer to the lake, so further down the street.
